INDEX

VOLUME 38, 1962

A

Academy Library Exhibit, Recent books on public health, 563
Academy of Medicine, Address of the President of the, Frank Glenn, 237
Academy Medal, Citation and presentation of the, to Paul Klemperer, George Baehr, 241
Academy Plaque, Citation and presentation of the, to Robert L. Levy, Howard Reid Craig, 245
Advertising, medical journal, The role of, in pharmaceutical promotion, Robert A. Hardt, 286
Advertising, Pharmaceutical, Committee on Public Health, 46
Albert, Roy E., Handling of patients contaminated by or exposed to radioactive isotopes and ionizing radiation, see Symposia, Today's medical problems in ionizing radiation, 727
Allergic states, Management of, See Panel Meetings, 390
Amblyopia, Pathophysiology of, Arthur Linksz, 311
Analeptics? Why use, Leonard Brand and Lester C. Mark, 702
Anniversary Discourse, The municipal hospital system in transition, Ray E. Trussell, 221
Antinuclear factors and serum complement in systemic lupus erythematosus, J. H. Morse, H. J. Müller-Eberhard and H. G. Kunkel, 641
Atchley, Dana W., *Moderator,* see Panel Meetings, Recognition and management of the common psychoneuroses, 88
Auenbrugger, Joseph Leopold, The *Inventum Novum of,* J. James Smith, 691

B

Baehr, George, Citation and presentation of the Academy Medal to Paul Klemperer, 241
Baggy eyelids, Diagnosis and treatment of, Byron Smith and Carl V. Fasano, 163
Baldwin, Horace S., *Moderator,* see Panel Meetings, Management of allergic states, 390
Barnett, Henry L., see Panel Meetings, Potassium therapy, 21
Becker, E. Lovell, The nephrotic syndrome in adults, 3
Biological control of cancer, Prospects for, Robert C. Mellors, 75
Bodansky, Oscar, New functional principles in diagnostic aspects of liver disease, 711
Books, Recent, on public health, Academy Library Exhibit, 563
Bowen-Brooks Scholarships, The, Milton J. Raisbeck, Sheldon M. Levin, Everett Shocket, 545
Boyer, Francis, Direct mail promotion, 207
Brand, Leonard, and Lester C. Mark, Why use analeptics? 702
Breed, Ernest S., see Panel Meetings, Potassium therapy, 21

C

Cain, George, R., Detail man, What the pharmaceutical industry expects of the, 126
Calcification, Intracranial, associated with hypoparathyroidism, Philip Levin, 632
Cancer chemotherapy, history and present status, John R. Heller, 348

Cancer, Prospects for biological control of, Robert C. Mellors, 75
Carcinoma of the cervix uteri, Radiation therapy of, Ruth Guttmann, 513
Cardiovascular disease, acquired, Long-term results of surgery for, see Panel Meetings, 169
Carpenter (Wesley M.) Lecture, 70th, Starling's hypothesis in the formation of edema, Francis P. Chinard, 375
Carrion, Arturo L., Joseph Gardner Hopkins, see Symposia, Fungi and fungus diseases, Three pioneer New York medical mycologists, 108
Chadwick, Donald R., *Moderator,* see Panel, Today's medical problems in ionizing radiation, 727
Chemistry of the individual neuron, The, Oliver H. Lowry, see Symposia, Clinical significance of the ultrastructure of the nervous system, 788
Chinard, Francis P., Starling's hypothesis in the formation of edema (70th Wesley M. Carpenter Lecture), 375
Christian, Charles L., Serological reactions: the rheumatic factor in rheumatoid arthritis, 579.
Clinical significance of the ultrastructure of the nervous system, The, Symposium, 788
Clinical testing, Importance of, in determining the efficacy and safety of drugs, Committee on Public Health, 415
Committee on Public Health, Golden Anniversary Address, H. D. Kruse, 535
Committee on Public Health Reports,
  Effective administration of inhalational therapy with special reference to ambulatory and emergency oxygen treatment, 135
  Hazards of Radiation, The, 440
  Importance of clinical testing in determining the efficacy and safety of drugs, The, 415
  Medicine and the law, 271
  Pharmaceutical advertising, 46
  Signing of death certificates, 213
Common psychoneuroses, Recognition and management of the, See Panel Meetings, 88
Conflicting demands of patient service and education in house officer training programs, H. D. Kruse, 756
Congress, The, and the nation's health, John E. Fogarty, 196
Cope, Oliver, *Moderator,* see Panel Meetings, Treatment of medical and surgical diseases of the thyroid gland, 460
Craig, Howard Reid, Citation and presentation of the Academy Plaque to Robert L. Levy, 245
Current concepts in the treatment of common congenital heart defects, see Panel Meetings, 606

D

Dalldorf, Gilbert, *Chairman,* see Symposia, Fungi and fungus diseases, Three pioneer New York medical mycologists, 108
Death certificates, Report on signing of, Committee on Public Health, 213
Diuretics, Mercurial, Marvin F. Levitt and Marvin H. Goldstein, 249
Dobzhansky, Theodosius, Genetics, society and evolution (The Ludwig Kast Lecture), 451
Dripps, Robert D., Decisions for a specialty, 264
Drugs, Importance of clinical testing in determining the efficacy and safety of, Committee on Public Health, 415
Dunham, Charles L., Today's medical problems in ionizing radiation, see Symposia, 727

E

Edema, formation of, Starling's hypothesis in the, Francis P. Chinard, 375
Education, Promotion versus, E. Gifford Upjohn, 59
Eisenbud, Merril, Sources of ionizing exposure to the general public, see Symposia, Today's medical problems in ionizing radiation, 727
Epilepsy, Temporal lobe, see Symposia, 652
Exposure of patient and physician by diagnostic and therapeutic devices, Norman Simon, see Symposia, Today's medical problems in ionizing radiation, 727

F

Farber, Saul J., *Moderator,* see Panel Meetings, Potassium therapy, 21

Farrow, Joseph H., Management of metastatic breast cancer by hormone manipulation, 151

Fasano, Carl V., see Smith, Byron, 163

Ferguson, Shirley M., Psychiatric and behavioral aspects, see Symposia, Temporal lobe epilepsy, 652

Fogarty, John E., The Congress and the nation's health, 196

Fox (Howard) Memorial Lecture, First, Remarks on tropical dermatology, V. Pardo-Castello, 819

Fox, T. F., Personal medicine, 527

Frantz, Virginia Kneeland, see Panel Meetings, Treatment of medical and surgical diseases of the thyroid gland, 460

Frazier, Shervert H., see Panel Meetings, Recognition and management of the common psychoneuroses, 88

Fungi and fungus diseases. Three pioneer New York mycologists, see Symposia, 108

G

Gellhorn, Alfred, Discussion, Cancer chemotherapy, history and present status, John R. Heller, 360

Genetics, society and evolution (The Ludwig Kast Lecture), Theodosius Dobzhansky, 451

Georg, Lucille K., Rhoda Williams Benham, see Symposia, Fungi and fungus diseases. Three pioneer New York mycologists, 108

Glenn, Frank, Address of the president of the Academy, 237

Glenn, Frank, Introductory remarks at the inauguration of the Section on Occupational Medicine, 303

Golden Anniversary Address, The sails were set, H. D. Kruse, Committee on Public Health, 535

Goldensohn, Eli, Neurological and electrical aspects, see Symposia, Temporal lobe epilepsy, 652

Goldstein, Marvin H., see Levitt, Marvin F., 249

Guttmann, Ruth, Radiation therapy of carcinoma of the cervix uteri, 513

H

Handling of patients contaminated by or exposed to radioactive isotopes and ionizing radiation, Roy E. Albert, see Symposia, Today's medical problems in ionizing radiation, 727

Hardt, Robert A., Role of medical journal advertising in pharmaceutical promotion, The, 286

Harley, John H., Ingestion of foodstuffs contaminated with radioactive isotopes, see Symposia, Today's medical problems in ionizing radiation, 727

Hausman, Louis, Tribute to Harold G. Wolff, 826

Heart defects, common congenital, Currrent concepts in the treatment of, see Panel Meetings, 606

Heller, John R., Cancer chemotherapy, history and present status, 348

Hormone manipulation, Management of metastatic breast cancer by, John H. Farrow, 151

House officer training programs, Conflicting demands of patient service and education in, H. D. Kruse, 756

Hypoparathyroidism, Intracranial calcification associated with, Philip Levin, 632

I

Importance of clinical testing in determining the efficacy and safety of drugs, The, see Committee on Public Health, 415

Ingestion of foodstuffs contaminated with radioactive isotopes, John H. Harley, see Symposia, Today's medical problems in ionizing radiation, 727

Inhalation therapy, Effective administration of, see Committee on Public Health, 135

Inventum Novum, The, of Joseph Leopold Auenbrugger, J. James Smith, 691

Ionizing radiation, Today's medical problems in, see Symposia, 727

K

Kast (Ludwig) Lecture, Genetics, society and evolution, Theodosius Dobzhansky, 451
Kesten, Beatrice M., Our little colony and how it grew, see Symposia, Fungi and fungus diseases. Three pioneer New York medical mycologists, 108
Kety, Seymour S., Regional neurochemistry and its application to brain function, see Symposia, The clinical significance of the ultrastructure of the nervous system, 799
Klemperer, Paul, Citation and presentation of the Academy Medal to, George Baehr, 241
Knowlton, Abbie I., see Panel Meetings, Potassium therapy, 21
Kossmann, Charles E., see Panel Meetings, Potassium therapy, 21
Kruse, H. D., Conflicting demands of patient service and education in house officer training programs, 756
Kruse, H. D. The sails were set, Golden Anniversary Address, Committee on Public Health, 535

L

Law, Medicine and the, Committee on Public Health, 271
Levin, Philip, Intracranial calcification associated with hypoparathyroidism, 632
Levin, Sheldon M., see Bowen-Brooks scholarships, 545
Levitt, Marvin F. and Marvin H. Goldstein, Mercurial diuretics, 249
Levy, Robert L., Citation and presentation of the Academy Plaque to, Howard Reid Craig, 245
Library, Academy, Recent books on public health, exhibit, 563
Linksz, Arthur, Pathophysiology of amblyopia; an introduction to pleoptics, 311
Liver disease, New functional principles in diagnostic aspects of, Oscar Bodansky, 711
Long-term results of surgery for acquired cardiovascular disease, see Panel Meetings, 169
Lord, Jere W., Jr., *Moderator,* see Panel Meetings, Current concepts in the treatment of common congenital heart defects, 606
Lowry, Oliver H., Chemistry of the individual neuron, The, see Symposia, Clinical significance of the ultra-structure of the nervous system, 788
Lupus erythematosus, systemic, Antinuclear factors and serum complement in, J. H. Morse, H. J. Müller-Eberhard and H. G. Kunkel, 641

M

Management of allergic states, see Panel Meetings, 390
Manley, James R., M.D., A voice crying in the wilderness of medical education, Byron Stookey, 491
Medical care, The expanding costs of, Paul I. Robinson, 587
Medicine and the law, Committee on Public Health, 271
Mellors, Robert C., Prospects for the biological control of cancer, 75
Mercurial diuretics, Marvin F. Levitt and Marvin H. Goldstein, 249
Merritt, H. Houston, Discussion, see Symposium, Temporal lobe epilepsy, 652
Merritt, H. Houston, Neurological and psychiatric implications of basic studies of the ultrastructure of the nervous system, see Symposia, Clinical significance of the ultrastructure of the nervous system, 788
Metastatic breast cancer, Management of, by hormone manipulation, Joseph H. Farrow, 151
Microbiology, Section on *(abstracts)*
Basic science approach in the management of urinary tract infections, Harry Seneca, 832
Dependence of cell-free protein synthesis upon naturally occurring or synthetic template RNA, Marshall W. Nirenberg and J. Heinrich Matthaei, 145
Expression of genes of *E. coli* in *S. marcescens,* C. Levinthal, E. R. Signer and A. Torriani, 365
Genetic relationships among the enterobacteriaceae, Stanley Falkow, 364

Kinetic studies of ribosome synthesis, Richard B. Roberts, 145
Laboratory and clinical studies in experimental infectious hepatitis, Joseph D. Boggs, Wilton A. Rightsel and I. W. McLean, Jr., 291
Laboratory investigation of viral isolates from cases of infectious hepatitis, Eldon V. Davis, 293
Natural history of acute respiratory disease:
a. general considerations, Robert M. Chanock, 443
b. patterns in infancy and childhood, Robert H. Parrott, 443
c. patterns in adults, Karl Johnson, 444
Priming role of DNA in RNA biosynthesis, Jerard Hurwitz and John J. Furth, 144
Public health and preventive significance of bacteriuria, Edward H. Kass, 830
Relationship of the properties of DNA to problems of bacterial taxonomy, Julius Marmur, 364
Studies of human hepatitis viruses. I. Biological, I. W. McLean, Jr. and Wilton A. Rightsel, 291
Studies of human hepatitis viruses. II. Biophysical, A. R. Taylor, 292
Urinary tract infections and their complications: incidence, prevention and bacteriologic suppression, Christopher Martin, 831
Millet, John A. P. Discussion, see Symposia, Clinical significance of the ultrastructure of the nervous system, 788
Morse, J. H., H. J. Müller-Eberhard and H. G. Kunkel, Antinuclear factors and serum complement in systemic lupus erythematosus, 641
Municipal hospital system in transition, The, Ray E. Trussell, 221

N

Nelson, Carl T., Bernard Ogilvie Dodge, see Symposia, Fungi and fungus diseases, 108
Nephrotic syndrome in adults, The, E. Lovell Becker, 3
Nervous system, Clinical significance of the ultrastructure of the, Symposium, 788
Neurological and electrical aspects, Eli Goldensohn, see Symposia, Temporal lobe epilepsy, 652
Neurological and psychiatric implications, H. Houston Merritt, see Symposia, Clinical significance of the ultra-structure of the nervous system, 788
Neurosurgical aspects, Joseph Ransohoff and J. Lawrence Pool, see Symposia, Temporal lobe epilepsy, 652
New functional principles in diagnostic aspects of liver disease, Oscar Bodansky, 711
New York Academy of Medicine, The, 1962
Officers of Affiliated Societies, 575
Officers of Sections, 575
Officers and staff, 570
Officers of Standing and Special Committees, 571
Other committees appointed annually by the president, 573
New York Heart Association *(abstracts)*
Action potential duration and functional refractory period of canine false tendon, papillary muscle and ventricular epicardial cells, E. Neil Moore, 834
Correlates of renal hemodynamics and function in hemorrhagic shock in the intact dog: the absence of autoregulation of renal blood flow and glomerular filtration rate, Stanley I. Harris, Elizabeth Mallonga, Robert H. Goetz and David State, 836
Effects of urea on renal concentrating capacity in man, Philip R. Steinmetz, 837
Lysine uptake and potassium loss by human erythrocytes, Hugh J. Carroll and Allan M. Wolfe, 835
Primary and secondary pulmonary vasopressor responses to acetylcholine demonstrated by the wedged catheter perfusion technique, Seiichi Shimomura, Richard N. Pierson, Veljko Krstulovic, A. L. Loomis Bell, Jr., 839
Regulation of coronary blood flow, Paul W. Mosher, John Ross, Jr., Patricia A. McFate, Robert F. Shaw, 838

New York Pathological Society *(abstracts)*
A case of generalized myelomatosis, Ralph C. Attanasi, 504
Antibodies against cells, Robert W. Wissler, 64
Glomerular structure in proteinuria, W. Mautner, J. Churg., E. Grishman and S. Dachs, 773
Histologic observations of the arterial wall during vasoconstriction, Bernard M. Wagner, 66
Juxtaglomerular cells, aldosterone, renin and hypertension, W. Stanley Hartroft and Phyllis M. Hartroft, 769
On the nature of amyloid, Earl P. Benditt, 371
Pathological iron metabolism in the bone marrow as seen with the electron microscope, Marcel Bessis, 366
Primary melanoma of the meninges, Nora Spens, 506
Rubidium and the adrenal cortex, Ludwig Glasser, 502
Selective inhibition of S-91 in mouse melanoma by phenyl lactate, in vitro, Harry Demopoulos, 509
Studies on oxidative and hydrolytic enzymes in synovial membrane of normal and arthritic patients, Peter Barland and David Hamerman, 507
Ultrastructure of bone cells, David Spiro, 368
Use of ferritin-conjugated antibody to localize intracellular viral antigen by means of electron microscopy, Councilman Morgan, 370
Virus etiology of human leukemia, Steven O. Schwartz, 141

O

Occupational Medicine, Introductory remarks at the inauguration of the Section on, Frank Glenn, 303
Occupational physician and the community, The, James H. Sterner, 305
Oral hypoglycemic agents, The use of, 323, see Panel Meetings

P

Panel Meetings
Current concepts in the treatment of common congential heart defects, Jere W. Lord, *Moderator,* Joseph F. Artusio, Jr., Sidney Blumenthal, Elliott S. Hurwitt and Edmund H. Reppert, 606
Long-term results of surgery for acquired cardiovascular disease, Charles E. Kossmann, *Moderator,* Laurence B. Ellis, Réjane M. Harvey and Julian Johnson, 169
Management of allergic states, Horace S. Baldwin, *Moderator,* Earl F. Limbach, Maclyn McCarty, Sheppard Siegal and Marion B. Sulzberger, 390
Potassium therapy, Saul J. Farber, *Moderator,* Henry L. Barnett, Ernest S. Breed, Abbie I. Knowlton, Charles E. Kossmann, 21
Recognition and management of the common psychoneuroses, Dana W. Atchley, *Moderator,* Shervert H. Frazier, William B. Terhune, S. Bernard Wortis, 88
Treatment of medical and surgical diseases of the thyroid gland, Oliver Cope, *Moderator,* George Crile, Jr., Virginia Kneeland Frantz and Solomon Silver, 460
The use of oral hypoglycemic agents, Edward Tolstoi, *Moderator,* Martin G. Goldner, Israel S. Kleiner, William S. Norton, II and Jules Pomeranze, 323
Pardo-Castello, V., Some remarks on tropical dermatology (The First Howard Fox Memorial Lecture), 819
Pathophysiology of amblyopia; an introduction to pleoptics, Arthur Linksz, 311
Patient service and education, Conflicting demands of, in house officer training programs, H. D. Kruse, 756
Personal medicine, T. F. Fox, 527
Personal observations, Robert J. Strobos, see Symposia, Temporal lobe epilepsy, 652
Pharmaceutical advertising, Report on, Committee on Public Health, 46
Pharmaceutical industry, What the . . . expects of the detail man, George R.

Cain, 126
Pharmaceutical promotion, Role of medical journal advertising in, Robert A. Hardt, 286
Pleoptics, an introduction to; Pathophysiology of amblyopia, Arthur Linksz, 311
Pool, J. Lawrence, *Moderator,* see Symposia, Temporal lobe epilepsy, 652
Potassium therapy, see Panel Meetings, 21
Promotion versus education, E. Gifford Upjohn, 59
Psychiatric and behavioral aspects, Shirley M. Ferguson, see Symposia, Temporal lobe epilepsy, 652
Public health, Recent books on, Academy Library exhibit, 563
Purpura, Dominick P., Discussion, see Symposia, Temporal lobe epilepsy, 652

R

Radiation, Hazards of, see Committee on Public Health, 440
Radiation, ionizing, Today's medical problems in, see Symposia, 727
Radiation therapy of carcinoma of the cervix uteri, Ruth Guttmann, 513
Raisbeck, Milton J., see Bowen-Brooks scholarships, 545
Ransohoff, Joseph and J. Lawrence Pool, Neurosurgical aspects, see Symposia, Temporal lobe epilepsy, 652
Rayport, Mark, Discussion, see Symposia, Temporal lobe epilepsy, 652
Recognition and management of the common psychoneuroses, see Panel Meetings, 88
Regional neurochemistry and its application to brain function, Seymour S. Kety, see Symposia, Clinical significance of the ultrastructure of the nervous system, 788
Rheumatoid arthritis, Serological reactions: the rheumatoid factor in, Charles L. Christian, 579
Robbins, William J., Notes on the evolution of botanical research in New York City, see Symposia, Fungi and fungus diseases, 108
Robinson, Paul L., Expanding costs of medical care, The, 587

S

Sails were set, The, H. D. Kruse, 535
Serological reactions: the rheumatoid factor in rheumatoid arthritis, Charles L. Christian, 579
Serum complement in systemic lupus erythematosus, Antinuclear factors and, J. H. Morse, H. J. Müller-Eberhard and H. G. Kunkel, 641
Shocket, Everett, see Bowen-Brooks scholarships, 545
Silver, Solomon, see Panel Meetings, Treatment of medical and surgical diseases of the thyroid gland, 460
Simon, Norman, Exposure of patient and physician by diagnostic and therapeutic devices, see Symposia, Today's medical problems in ionizing radiation, 727
Smith, Byron and Carl V. Fasano, Diagnosis and treatment of baggy eyelids, 163
Smith, J. James, The *Inventum Novum* of Joseph Leopold Auenbrugger, 691
Sources of ionizing exposure to the general public, Merril Eisenbud, see Symposia, Today's medical problems in ionizing radiation, 727
Specialty, Decisions for a, Robert D. Dripps, 264
Starling's hypothesis in the formation of edema, Francis P. Chinard, 375
Sterner, James H., The occupational physician and the community, 305
Steroids, lysosomes and systemic lupus erythematosus, Gerald Weissman and Lewis Thomas, 779
Stookey, Byron, James R. Manley, M.D., 1782-1851, A voice crying in the wilderness of medical education, 491
Strobos, Robert J., Personal observations, Symposia, Temporal lobe epilepsy, 652
Symposia
Clinical significance of the ultra-structure of the nervous system, Oliver H. Lowry, *Moderator,* Seymour S. Kety, H. Houston Merritt, John A. P. Millet, 788
Fungi and fungus diseases. Three pioneer New York medical mycologists, Gilbert Dalldorf, *Chairman,* William J. Robbins, Arturo L. Carrion, Carl T. Nelson, Lucille K. Georg and Bea-

trice M. Kesten, 108
Temporal lobe epilepsy, J. Lawrence Pool, *Moderator,* Dominick P. Purpura, Robert J. Strobos, Shirley M. Ferguson, S. Bernard Wortis, Joseph Ransohoff, Mark Rayport and H. Houston Merritt, 652
Today's medical problems in ionizing radiation, Donald R. Chadwick, *Moderator,* Charles L. Dunham, Merril Eisenbud, John H. Harley, Norman Simon, Roy E. Albert, 727

T

Temporal lobe epilepsy, see Symposia, 652
Terhune, William B., see Panel Meetings, Recognition and management of the common psychoneuroses, 88
Thomas, Lewis, see Weissmann, Gerald, 779
Thyroid gland, Treatment of medical and surgical diseases of the, see Panel Meetings, 460
Today's medical problems in ionizing radiation, see Symposia, 727
Tolstoi, Edward, *Moderator,* see Panel Meetings, The Use of oral hypoglycemic agents, 323
Treatment of medical and surgical diseases of the thyroid gland, see Panel Meetings, 460
Tropical dermatology, Some remarks on, V. Pardo-Castello, 819
Trussell, Ray E., The Municipal hospital system in transition, 221

U

Ultra-structure of the nervous system, Clinical significance of the, see Symposia, 788
Upjohn, E. Gifford, Promotion versus education, 59
Use of oral hypoglycemic agents, The, see Panel Meetings, 323

W

Weissmann, Gerald and Lewis Thomas, Steroids, lysosomes and systemic lupus erythematosus, 779
Why use analeptics? Leonard Brand and Lester C. Mark, 702
Wolff, Harold G., Tribute to, Louis Hausman, 826
Wortis, S. Bernard, see Panel Meetings, Recognition and management of the common psychoneuroses, 88
